# Home Learning Grid

# Summer 1

Points	English	Maths	RE, Topic and Arts	
10	Write 10 questions that you would ask Tutankhamun.	TT Rockstars 20 times	Create some art work to represent Easter, such as an Easter garden. Remember to include symbolism of Easter.	Write an interesting message using the Egyptian Hieroglyphs sheet.
15	Literacy Planet 20 times	Create a poster describing the properties of 5 3D shapes. Remember to include mathematical language such as faces, edges and vertices. Include pictures.	Write an acrostic poem using the words: Ancient Egypt.	Complete the sound survey worksheet.
20	Research and write your own version of the Ancient Egyptian creation story to find out where the gods came from. It must be in your own words and not a copy of someone's version.	Y3: Use the number hops method to solve the problems on the division sheet. Y4: use the bus stop method to solve the problems on the division sheet.	Write a report about life in Egypt today. Use the sheet as a guide as to what to include. Use illustrations to make your report more interesting.	Draw a sarcophagus and three items that you think would be useful in the Ancient Egyptian afterlife.  You must write sentences about why you have chosen these items.
25	Produce a leaflet advertising a museum full of Ancient Egyptian artefacts. Give specific information about the different exhibits. Remember to include: imperative verbs, rhetorical questions, alliteration, headings, sub-headings, pictures.	Create an Egyptian maths game. It could be a board game, top trumps with questions on or another game idea that you come up with.	Build your own pyramid or sphynx.	Own choice. Your teacher will award UP TO 30 POINTS based on work you produce at home. Maximum points will only be awarded for work that is presented well ,and has taken time and effort.
